## 2021 KIAMA SHOW

### RISK WARNING - PESTIVIRUS

Please note that the Kiama Show is **NOT** requiring cattle exhibits at the Show to be tested negative for Pestivirus. Exhibitors who have any concerns regarding the potential risks of exposure to Pestivirus associated with attending the Kiama Show should make their own enquiries and consult with their Veterinarian before bringing their cattle to the Show.

I have read this warning and acknowledge its contents. I have made any further enquiries which I feel are necessary or desirable and fully understand the risks involved.
